

Attitudes of High school teacher towards the pupil participation in Janma Bhoomi programme in Guntur district of Andhra Pradesh

Dr. A. Dhanalakshmi^[1]

Abstract:

The present investigation was an attempt to determine attitudes of high school teachers towards the pupil participation in janma bhoomi programme in Guntur district of Andhra Pradesh. Various Indian and foreign studies, magazines were reviewed. Descriptive survey method has been used in this study. The sample consisted of 100 teachers from the schools of Krishna district using stratified random sampling method. Self constructed tool was prepared and standardized and adopted for the study. The tool was used for the teachers to find out the opinion on attitudes of high school teachers towards the pupil participation in janma bhoomi programme in Krishna district of Andhra Pradesh. The data were analyzed using various statistical methods like mean, SD, t-test. The score obtained by different groups are compared across the variables like Gender, management, locality with respect of teachers. The results show that there is a significant difference in between rural and urban teachers.

Keywords: Attitudes of teachers, role of pupil, janma bhoomi programme.

I. INTRODUCTION

Janmma Bhoomi Programme initiated by Nara Chandra babu Naidu in 1997. It aims establishing an ideal society, which embodies and cherishes the principles of people's participation, equality, transparency and accountability leading to sustained economic development and excellence in all walks of life. The goal is an enhanced quality of life for every man, woman and child in the state. Such programmes are helpful to develop the state.
